Mission:
Using the fantastic network of faculty and scientific experts associated with the School of Natural Resources, Weather Camp tailors activities to fan into flame students’ interests in science. We seek to inspire students to continue their educations, deepen their love for discovery, and become the next generation of scientists who will transform the world.

A week-long summer program hosted on site at UNL’s Hardin Hall, Weather Camp brings students aged 11-14 onto a college campus, encouraging them to explore and pursue careers in science.

Each Weather Camp participant:
- Uses scientific instruments to perform weather experiments
- Meets scientists and weathercasters
- Conducts research into their unique scientific questions
- Learns the art and science of weather forecasting
- Receives career guidance applicable to their interests
- Goes on field trips to explore science in action

This camp springboards from science into life skills, teaching how to speak publicly, write, research, and present findings to others in a fun environment.

Students leave with a better sense of the wonders of weather and the confidence to pursue careers in science and technology.

Student comments:
“I never knew there were others like me out there.”
“Thank you, thank you, thank you, it was awesome!”

Build a bridge between you and your community. Support Weather Camp.

http://go.unl.edu/weathercamp
While UNL’s Weather Camp is affiliated with a national Weather Camp network, we must secure our own funding and resources. Financial sponsorship and/or donations of goods and supplies will offset overhead, transportation, infrastructure, and equipment costs.

In thanks for your support, we will feature your name prominently on our promotional materials to inform the community of your generous participation in Weather Camp.

Recommended donations:

<table>
<thead>
<tr>
<th>Item Description</th>
<th>Donation Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Adopt a camper 1</td>
<td>$600</td>
</tr>
<tr>
<td>Adopt a camp 2</td>
<td>$800</td>
</tr>
<tr>
<td>Administrative costs 3</td>
<td>$1000</td>
</tr>
<tr>
<td>Other</td>
<td>........?</td>
</tr>
</tbody>
</table>

1 Covers a camper’s tuition, transportation, meals, and supplies.
2 Covers long-term supplies, including audio-visual equipment, computers, and scientific data gathering tools.
3 Finances website maintenance, grant-writing, research and outreach activities, and general administrative expenses.

We also welcome “in kind” donations:
- Gift certificates to use for supplies
- Craft or office supplies (examples: notebooks, markers, glue, rulers, scissors)
- Scientific instruments
- Meals and snacks
- T-shirt printing

**Empower students to prepare for their future careers. Please support Weather Camp today.**
