

WHO WE ARE

Honor Roll of Soil Scientists in Nebraska Making Soil Surveys for Resource Planning and/or Publication -- 1936 - 1999

List of Soil Scientists and other Technical Specialists who have provided leadership in conducting the Nebraska Cooperative Soil Survey Program from about 1936 to 1999. A special effort was made to identify this list of Soil Scientists and Technical Specialists through research of past records, personal interviews, and review by several of our retired senior soil scientists. The organizing committee recognizes this list is not all-inclusive and that some reported information may need revision. Omissions occur where information was not known.

Listing of Soil Scientists and Publication Dates of Nebraska Soil Survey Areas During the Past 40 Years

This section gives the year each county soil survey was completed and the major soil scientists who contributed to the field mapping. Soil scientists from several agencies were involved in field operations. They included Natural Resource Conservation Service-USDA, Conservation and Survey Division-University of Nebraska, Natural Resource Districts, Forest Service-USDA, and Bureau of Indian Affairs.

The legend identifying who employed the soil scientists is as follows:

<u>Symbol</u>	<u>Agency</u>
No designation	Natural Resources Conservation Service - USDA
*	Conservation and Survey Service-University of Nebraska
NRD	Natural Resource Districts
FS	Forest Service – USDA
BIA	Bureau of Indian Affairs
