

# **Summer Institute on Climate Change**

**May 11-13, 2010**

**Hardin Hall  
33rd & Holdrege  
Lincoln, NE**

**Presented by an interdisciplinary team from the School of Natural Resources and other departments at the University of Nebraska-Lincoln**

**The Summer Institute on Climate Change will be a chance for people working in water, energy, agriculture and natural resources to interact with scientists about causes and effects of climate change in the Great Plains.**

**The \$350 fee includes lunches, snacks, dinners, materials, parking on East Campus, and a field trip to Nine-Mile Prairie.**
