Water Law, Environmental Law, Natural Resources Policy, Environmental Planning and Policy, Environmental Sociology, Public Policy: Concepts and Processes

Internships Available
Students have enjoyed internships with Nebraska’s natural resource districts, the Nebraska Department of Environmental Quality, consulting firms, the U.S. Geological Survey, and other state and federal agencies.
Water Law and Policy

Under the law and policy option, a student gains expertise in water issues pertaining to water quality, quantity, allocation, and planning. Careers in this rapidly emerging field of water include lobbyists, community planners, public and tribal liaisons, and policy makers to name some. This option also prepares students for continued education in water law.
