Congratulations on your decision to complete an internship! The guidelines provided here are intended to make your internship a positive learning experience.

The intern is not to enroll in NRES 497 credit until this form has been completely filled out and signed by all parties. A grade will not be assigned until the internship is completed and the final report has been reviewed by the on-campus evaluator. The evaluator may be your faculty advisor, advising coordinator, or another faculty member of your choice.

Internship agreement forms should be completed and delivered to the SNR Advising Coordinator (Sara Winn, 102A Hardin Hall) or the SNR Undergraduate Secretary (Patty Swanson, 102 Hardin Hall) by the following deadlines:

- August 1 for Fall Semester internships
- December 1 for Spring Semester internships
- May 1 for Summer Session internships

Any requests turned in after these deadlines will need to be approved by the F&W Major Coordinator, Dr. Larkin Powell. All students must have an approved internship agreement on file BEFORE you will be able to register for the class.

To receive a grade for the semester in which the internship was taken, you must turn in all required documents no later than one week prior to the last day of classes for that semester. If work is turned in after that date you will receive an incomplete (I) for the course and a grade will be assigned after the work has been graded.
